“ One of my first welcoming persons on my first day at Lifelong was from Kelly I'm sure he thought I had never used a computer before.

I admired your quirky humor and your promptness in helping us all.

“ Thank you for creating this space. Kelly and I worked together at Lifelong and he was my constant go-to for questions and support. I remember sitting in his office enjoying candy from his constantly stocked candy dispenser and bowl (he always had goodies for the whole building in his office or outside of his door). This particular candy eating memory occurred the week after I found a wonderous YSL jacket at an estate sale and Kelly and I sat around googling the jacket and its value and year designed and made for about an hour. We chatted about what a great find the jacket was and Kelly shared about his past finds and work. I am sending lots of love to your family and friends and lots of love to you, Kelly.

with Love,

“ Kelly Mac Era uma pessoa doce, bondoso, e solitario, sinto muito não poder, ter ajudado que descanse em paz e encontre o amor e alegria que procurava,
