“ I haven't spoken to Mayra since high school, but she's such a special person she stayed with me. I remember her being full of a special kind of light, and I know I will never forget her. Love and sympathy to those who loved her best. Her radiance, her kindness, her intelligence and grace touched so many people and live on.

“ Life was lost as is happens everyday  
But the life that was lost, touched many in different ways  
How does this happen when we lose a life to soon?

I cannot believe your gone now  
Its as though I don't trust my eyes  
Your presence was so inviting  
Even making people feel alive!

She was a special girl, with an amazing vibe  
I am just thankful to have shared some of her time.

“ Mayra! I will miss you, my beautiful almost birthday twin! You are so sweet and fun I so enjoyed working with you in the grants department, hearing your stories about your WSU aboard, and following your life since you left the school district. Thank you for introducing me to the crunchy, spicy Mexican-style lima beans! I had such a wonderful time working with you. May your family find peace and comfort in their faith and happy memories of you.

“ Oh Mayra-you slipped away to become an angel in heaven. You were an angel on earth-so good and kind always-your beautiful smile did light up our life and I am sure everyone you met. We were lucky to have you for the time you were here-you were so loved and will be missed. Our best to your family.
