“ Aaron always said he didn't like kids and never wanted any, but we worked with him mostly everyday, as kids/teens I know he must've been happy to have us around. Deep down I know we were cared and loved by him and I hope he knows we care and love him, he was one of the best managers we have ever had. He was full of jokes and wanted us to do good in life and we hoped to make his life better and be there for him. It hurts deeply that he passed away, I miss him everyday. I hope that he is in a better place now, without worries, or the pain that he had going on. He was a great part of our lives and we think about him everyday. He said he wanted to get an RV so he could go on adventures and travel the world, he wanted us to graduate high school and see us graduate as that would have made him happy. I hope once we graduate, he is happy for us. Although life was hard for him, I really hope we gave him some good memories to hold on to and remember. Seeing him happy on Twitch was so beautiful, his smile knowing that he had viewers filled his excitement to keep trying harder, he wanted to be famous someday. He'll always be remembered.
