“ He was one of my first sales managers and he lit up the room! He had a presence and charisma about him that helped me grow into the sales person I am. Great guy! Sorry for all grieving and healing prayers to family and lots of love!

“ Where do i start? AG you always acknowledged me when i was a wholesaler no matter how busy you were at the time you would stop everything you were doing to just say hello. You were a genius in the car business a true soldier and a great mentor no matter how bad your personal life might have been on a particular day you never let that show thru you continued to lift up the underdog and encourage them. If not for you suggesting that i get away from seattle and move to wenatchee id never have met the love of my life Mindy and who knows where or if i would be today? God bless all your family, your children and anyone who had the grace of knowing you RIP A to the G

“ *AG, you are my brother and my mentor . When I was 24 years old you seen something In me and taught me how to provide for my family. More than that you taught me to BE GRATEFUL and mindful of my worth. You took care of me and family every way you could! You introduced me to Uncle Dick and aunt Scottie and through them I found the Lord! Without you idk if I would be here. I love you brother and thank you for the love and life you shared with me.
