“ *My heart is with you all - it seems no matter when we have to say goodbye it's hard - but somehow knowing she is with Frosty again makes me feel better. I loved her and will hold her memory - including that beautiful, contagious smile and laugh, twinkling eyes, warm embrace, welcoming me no matter where or when she saw me. She will always be one of my heroes - her strength and faith and way of life have been an inspiration for me. Thank you - for sharing her love with me.*
