“ Al was a great coworker on the railroad. He always had a smile. He worked on the crew of the last train that ran on the Mansfield Branch Line in March of 1985. He will be fondly remembered as one of the good guys!

“ Alfred was a dear friend. We worked together for the railroad. We enjoyed fishing, snowmobiling, wood cutting and having fun together. Knowing Al, he was easy to get along with. We lost a good friend, and my sympathy goes out to all his loved ones.

“ I have many fun memories of my Childhood with Uncle Al. One memory that I remember is that when he got this new car that had voice activated sayings like " your door is ajar" and he told me that it was related to the "kit" car from Night Rider. Me being Young at the time believe this to be true. I loved his humor and enjoyed that so much. I know heaven is having a reunion and party right now!
