“ Alice was always friendly and welcoming. She was a very genuine person. My kids remember how she would attend piano recitals. Though they didn't know her well, they sensed that she was a person who cared. I enjoyed talking with Alice about her childhood on the farm and her thoughts about the changes in society today. We will all miss Alice.

“ Alice was such a blessing in my life. She took me under her wing when I started working with her right out of high school and continued to be my special friend all of these years. She will be missed by our community as a whole and individually by everyone who knew her. Our thoughts and prayers are with you Eileen and Judy.
