“ I will never forget what you taught me mom. I already miss watching your game & tv shows with you. I miss seeing your beautiful smile as I walk in the door. I will miss washing your pretty silver hair & rubbing your aching neck. Thanks for being my momma. I love you very much. Rest in peace until we meet again!

Your daughter,
Diane

GC

I really got to know Audrey the last year
Loved every second of it
I to will miss her calling me to watch her game shows and blue bloods
and of course her Big Bang Theory
She would always say thank you guys for all you do but I didn't mind
cause she's family and we loved her like our mom
Miss you every day
