“ I will miss my phone calls and mostly annual visits with Betty, until the past several years, very much. Having Met Ray and Betty back in the 70's through our work, Ray and I, we became quick friends as did most everyone who met them. I was transferred to Yakima in the last third of '79, several months before I could sell and relocate the family, Betty and Ray offered to let me stay with them through the weeks until such time as I could relocate my family. That was very generous of them both and as close to a home environment as one could hope for. The weeks stretched into several months and not once did either of them ever suggest a different arrangement. They both will allays be dear to my heart. I hope we meet again.

“ I remember going to Bettys house after church when we all attended Prince of Peace in Everett. She made the best cookies. She was my sister Kevin's God Mother .Kevin Passed away i week after Betty. I guess they now see each other in Heaven Van, Mona and family cherish the memories they help u carry on. That I can say with assurance as losing 4 siblings and a husband God does get one thru the sad times. God bless and be with you all. Elizabeth Fuerstenau Stover
