“ It is hard to describe Betty, she was an amazing Aunt(actualy my only Aunt), and a beautiful, caring and gracious human. She taught me many things in my youth- from the basics of fine dining out in Seattle to the appreciation of art, color and design to how to weed a flower bed, and garden, laugh and have fun. As I now enter my 6th decade I look back to some of the fondest memories of my youth and many of them were at her and Buds home on the cut off top of the hill in Wenatchee. Over the years I have referred to her hope, strength and success in living with MS to many of my patients who are newly diagnosed with the disease- She was my Auntie Mame and will always be the beacon on the hill as to what a wonderful Aunt should be. May she rest in peace and the beauty of Heavens under the creators watchful and protecting eyes She will be missed.
