“ I am thankful for the time I was able to spend with Billy when he was in the hospital. We reminisced and had big smiles about the hacks we both recieved in school. It must have been a " Standerford " thing. When I was 13 and Bill 26 we helped my dad and our uncle Joe cut and bale hay up at Nason Creek. It was 2 or 3 days of hard work but we also had lots of fun. After work Billy would try to spear Salmon with a pitch fork in Nason Creek but I don't think he ever got anything. Bill will be missed by my family but we have many fond memories.

“ In my 24 years at Ford, Bill is one of my fellow employees that I will always remember. I enjoyed the smile he always showed whenever I went back to visit with him, and the outlook he had on life. He always had only good to say about Mildred and his family. He will be missed.
My sympathy and prayers go out to all of his family.
