Chuck, my dear cousin. I am so glad I got to see you when I did. I had big plans of coming back to Washington to see you again. I have always missed you since a small child. Until we meet again.

Was surprised when looking up information on my aunt that just passed away in Wenatchee and saw Chuck's name. I met Chuck a few times, but my parents were close friends with who I think were his grandparents Elmer and Ethel Dorset who lived in Manson, Washington for a time.. His cousin Donna Lee and I exchange cards at Christmas now. May peace be with you Chuck. Beverly Peters
