“ I will always remember the time I spent at the Boner home with Peggy. All the stories that her parents would share with me. There was never a dull moment!! They always had dog memories and bragged about all the fun they had with a house full of pets. They loved those dogs!! I think they kept them young and their minds sharp. They had so much love to share. They loved their grandchildren and living next door to Peggy was a blessing for all. They were there for the kids and vice versa. That's just how it was. I never felt like a stranger. I called them Mom and Dad. They will be missed , they are loved by many. RIP Mom (Colleen). I know you are happy to be at home with Dad.

Mom always welcomed everyone in and no one left without her offering them something to drink or eat. Even at Blossom Valley she would offer drinks and ask if there was something in the refrigerator for the dog. I will miss her but I know she was tired and ready to go to Dad and Greg. I love you mom. Give Dad and Greg a hug for me.
