“ I spent the bulk of my early life around David; whether it was school, sports or just hanging out. His kindness was unsurpassed when it counted most during those young formative years. I have many fond memories of being on the soccer field with him, hanging out or boating. I always looked up to him. May his example of charity be an example to many. My thoughts and prayers are with his wife and children, parents and siblings and all those impacted by the loss of a good man.

“ I had the honor of being able to get only a glimpse of the amazing person that David is. He would send out cargo from the Wenatchee airport quite often...and I say this with a ahhhggg because cargo was my least favorite to do. The computer system was not my favorite...but as I cussed my way through it, David was very patient...and I became faster at it. One day he brought in his beautiful little girl with him. This gave me yet another small glimpse into his life. You could tell the two had a special bond...like partners-in-crime, but in a good way. I retired a few years ago and knew I wouldn't miss the physical hard work, but I would miss a few of the passengers and he would be a handful of the people I would miss. When I first met him my gut instinct was “authentic”
I am saddened by a great loss for all that did not know him...I find comfort in knowing he was the father of 2 children and they will hear some amazing stories about their father as they grow up. Maybe some they shouldn't hear also...I hope they can find some comfort in them. Even though he will not be here on earth Im guessing he'll be on the sidelines.

He will be missed...Keeping you and your family in my thoughts.

“ I met David a couple of times in Dutch, he really had a special way about him that allowed him to connect with anyone he came into contact with. Your family is in my thoughts.
