“ To Del's Family----I am so so sad that I haven't seen Del in years and did not get to say goodbye to him.....and I am sad for your loss of his wonderful laugh and smile. I grew up coming to WSU Tree Fruit Christmas parties and Del always was so warm and fun---you know when you are a kid at those things all the adults can be intimidating--but he was not! Later I worked in the lab there when I was in high school and college---he would come around during his breaks and tell a joke or tease all of us---never treated me like a child. Always treated me like a research colleague. I will NEVER forget that or forget him. My heart breaks remembering his kind support. Now as I read about all of his wonderful work with communities across the world I am in awe of the man. I read some of his opinion pieces for the newspaper and he was wise and kind---a great combination to help people change their attitudes. I am a long ways away so can't come to the memorial---but I will be thinking about all of you. I am sure Del is off on a great adventure somewhere in the universe---thank you Del for such great memories----Kathy Hoyt, (Stan and Bev Hoyt's daughter from WSU Tree Fruit)

“ We admired Del for his great outlook on life and the Wenatchee Valley. He and Mike Madland purchased their orchard from us in 1968. It turned out to be a good deal for them and for us. He made significant contributions to the fruit industry that orchardists will benefit for many years to come.

Sincerely,

Earl Tilly
