“ I had known Don for at least 40 years and in that time all of the memories I have of Don have been awesome to say the least. I always respected his views as a Professional and just life in general. I think back on the jokes we played on each other and all of the laughs we had together which went on and on as the years passed. I always considered him as a personal friend and always appreciated the several conversations that we shared on a wide variety of subjects. Don was a great person of whom I'll miss very very much.

Sincerely,
