“ Dearest Spurgeon Family, Donna, Carl and Mae were our neighbors for over 20 years. They were like extended family. They took me to church with them and I still have the beautiful little purse for my offerings:) Donna cut my hair off for me when I couldn't stand having it combed out anymore (first pixie:) They had a postage stamp lawn but all three of us kids got the job of mowing and weeding for them (paid handsomely) Was invited in for afternoon cocktails (my fresca in tall glass with skinny straw) Her home was always meticulous! She and Carl went deep sea fishing every year and always had canned fish to share:). "Our" dog Lady bird patrolled our corner lot and Donnas:) and she was the recipient of a big steak bone from their weekly visit to the Chieftain! We couldn't have asked for better neighbors and I'll forever have sweet memories of the whole family. You were always so nice! Oops, how could I forget the lei you brought me home from Hawaii and I got to take for show and tell in 1st grade! You will always be remembered and hold a special spot in my heart. Mom and Dad have passed but I know they loved you just as much-hope you're all having coffee together! From my heart to yours Tami (Hart) Jordan
