“ I have known Dot all my life. I chummed around with her daughter Sheryl when we were kids. We had a lot of fun in those days. I went to see Dot often when I was in Wenatchee. We had great visits. One time when I was there she had just finished making poppy seed bread and I said, boy that smells good. She asked me if I wanted to take a loaf home and I said yes. It was delicious. I was able to see her the day before she died and I want to thank the family for being able to do that. It was much appreciated. She was a great friend and I enjoyed our time together. She will definitely be missed. May God watch over her and her family.

I worked with Dorothy for 16 yrs on the bin fillers at Cascadian Fruit. She called us partners in crime, that little women could work circles around just about anyone. I looked forward to her Christmas trays every year they were the best..she would put extra white chocolate fudge on mine because she knew I loved hers so much. I remember Jack dropping by work to see Dorothy, always a kiss hello and kiss goodbye and many times with a rose he cut from his garden.
