“ We have many memories of Esther - she was a dear heart! She was the best neighbor we had - she was always helpful! We couldn't have raised our cows without the infinite knowledge she and Mac had - they were a wonderful team! Both have a special place in our hearts. The door was always open to visit and the stories they could both tell of days gone by were such fun. We are sad to hear of Esther passing but now she can join Mac on the other side of this life. Our thoughts are with Sylvia and Carla and families. Love from Larry & Jennifer Kesterson
