“ dearest Fred, I was writing but lost it all somewhere . Fred I miss you alot, tears flow easily watching the pictures your daughter Suzy put in your memoral. Wish I could hug you right now. I cant wait to be with you, David, Paul and Everett (our first Brother). He is the only one who looked like our dad Walter, they looked like twins to me. Visiting you at differ times with Karrie and Carol will never be forgotten. And then you drove all the way to California. I think you beat me and Carol back there. What a surprise That was terrific. I love those good old memories and seeing our relatives, how they grow when we dont see them for awhile. You and Paul have the same shape eyes. You and Paul and Everett ended up with black hair and darker skin like Walter dad, while the rest of us fairer skin and hair. You three must have gotten that french canadian feature. Goodbye for now little brother God is with you forever. January 7,2023, your sis Diana Cariveau.

During a Dream state in Dec 2018, I started moving up in an elevator, it came to a stop at a higher level than on earth. I could see out through a square window opening without glass someone coming toward me on a bicycle from a about a two block distance. I recognized the him immediately, it was my inner Master. I laugh so much because I had never seen him on a bike before. He stop next to me, parked his bike and just looked back. Then three guys came out between the same buildings. Those three were my bothers that had translated, Dave, Paul and Fred. With love and joy in our hearts and Soul, we greeted each other, but we didn't shake hands, hug each other or talk very much. The bothers just stop for awhile to show me they were having a great wonderful time. I told them " I love you guys and thanked for stopping by. They waved and rode off on their bikes. I came back to myself into the waken state with a tear of joy and I thanked my the inner Master for this precious gift of meeting the brothers whom I had missed.

Hi Freddy, remember when we used to call you that? :) I am very emotional today and thinking of us when we were little. We have shared a lot of memories together and I will always cherish us being together at the Gaborit's. Remember when we wanted to get out of the house and we would go to the park. You would hit the balls and I would chase after them. ?AND WHEN WE QUIT BITING OUR NAILS SO WE COULD BOTH GET A WATCH. Then we started biting again after? I love that you were my big brother and that we were together. I have peace when I think of you being with mama, dad and our Dave. love you so much, sis Barb

“ The memories growing up thru our adulthood will belong to each one us. You and I shared some together over the phone. I can still hear the sound of your voice Fred. I'll be missing you, and writing letters. But, just knowing you had Dave, Everett, and the rest of our family greeted you when you arrived, gives me some peace, and a smile to my lips. You know we love and miss you so much. And yet our tears still flow for a wonderfull brother as you. lovingly sis Diana

“ I am just so glad that Larry and I went to Wenatchee in August to visit Fred. We had such a good time with him. He always came to our campground to meet us and get the day going, whether to play golf with Larry or take us on a tour of the dam or farmer's market. It was truly a fun time with him and that is how I will remember him.
The Father has called you home, Fred, to rest in peace, free of pain.
We will see you again.
