“ To my dearest, great great aunt GG!! I cant even begin to explain the memories I have of you!! we have had so many good laughs! ones I will never forget! you were the most up beat, selfless, compassionate, artistic human being I have ever had he pleasure of knowing!! you were always so positive, even in your sick days, everyday you would say to me :well brookie: "im getting better" and although I know deep down you knew you weren't you didn't want anybody to worry about you! which is such an act of selflessness! you touched so many people in so many ways that I don't even know where to begin!! you taught be to believe in my faith and to always look at the positive things in life because as you explained to me ... "god has a plan for each and everyone of us, and the big man upstairs would never give us more in life then we could handle." and from here on out I am going to live by this motto for you are proof. The things you said and the things you did always brought such laughter to our family... such as standing on the porch as we are driving away, and you kicking up ur foot and kicking it out in front of you and saying "come back and we will POP SOME CORN.. as we drove away and u giggled and waved! or when I had u transferred to the er that night tiffany and I were staying with you and you and i get in the ambulance after the firefighters had left and you turn to me with your oxygen on and tell me.. "ill make you a deal brookie, you take your pick of the firefighters and ill take what's left" as you chuckled and put ur tounge out at me and then applied your mask again, still smiling! you were sooo darn funny Auntie! I'm kind of jealous that heaven gets to have your company and not us down here! but I am also sooo blessed that you are up their looking down on not only me, but our whole family!!! And that you get to be reunited with other loved ones!! I made you a promise I would provide the same care for my grandma Darlene that she provided for you and when that day unfortunately comes and I promise to stay true to my word!! you give those old folks a run for their money up their and maybe even beat them at a game of skip-bo.!! you will be forever missed! but never forgotten! Love Always Brookie!!!!

“ Aunt GG! I'm so glad I got to come down and stay with you ,grandma, and ree when I had the chance. You will be missed by everybody! You are an amazing lady and you would do anything for anybody. I know you are looking down on the family and watching over us all. I remember one night laying in your bed with you and just laughing and telling me stories. I remember asking you if I could just call you aunt GG cause I could never say your name right and you looked at me and sure my little tiffy . so you will always be my aunt gg. I will always remember sitting at the table watching the birds and drinking our tea with honey, nobody can ever make it as good as you did!! You will be missed! “ *Genevieve was my aunt. My last living aunt on both sides of my family. I really don't have very many memories of Genevieve and her family in earlier years, but the ones that I will cherish the most of her are the ones I made with her in the last 2 years of her life. Especially the last six months-where I had the honor to sit with her in her sickness. I never tired of hearing her tell stories of her life growing up and she was also able to answer some questions about my father, Ronald, who was her brother. Her stories were for the most part-funny- and Genevieve could make anyone laugh! She was well known to be kind, caring and a friend to all. She was also very stubborn and would never back down from stating her opinion in what she believed in. I will miss her.*

Thank God that she had Darlene with her to take care of her.
