“ I'll never forget you mom, you lived a full life. I'm so glad I was by your side when you passed and though I wish you were still here, I'm glad that's Jesus took you to heaven where you are out of pain. So many memories are flooding my mind, I can still see you walking around your condo, telling me what to do, lol, you were a fighter to the end and you were very caring and generous with everybody. I will see you again in heaven.
Love you forever.

You son,

Michael
