“ Gretchen was a wonderful friend, member of Wenatchee Valley Lions. We worked together on many projects, she opened her home for Lions garage sales, she was an officer more than once. She and I used to enjoy lunch together when we both still were working. She'll be remembered for the kind heart and warm friend she was to all. I will miss her.

TJ

“ Gretchen and I worked together for a couple of years at WSDOT. She was a very motivated worker and always showed up at least 20 minutes before her scheduled time. We also spent some time socially - usually eating out. After we no longer worked together I would occasionally run in to her shopping at Albertsons. Gretchen had a stubborn streak a mile long and was very dedicated to her various interests. She was especially proud of her association with the Lions Club and took her duties helping them very seriously. Gretchen loved being with and talking about her family. If you ever wanted to engage her in conversation you just needed to ask about her dog, family, the Lions Club or her collection of salt & pepper shakers. My thoughts and prayers are with her family and friends.

“ I worked with Gretchen for a number of years at WSDOT. She had a very clever sense of humor. She was always dedicated in anything she took on. I enjoyed working with her. Whenever my husband or I saw her working at CWH, she always took a moment to greet us. You will be missed Gretchen.
