“ To the extended Yancey family,

We both grieve and rejoice with you at the homeward going of Hobart. He was a great man who touched many lives. He leaves behind a family who both love and honor the Lord. What greater legacy could there be? We had many interactions with Hobart over these last years. He always had a smile and a kind word when we would see him outside. We visited many times and he was just genuinely a kind and caring man. He told us of his sorrow and loneliness when Vernene passed. Our prayers are with all of you.
