“ My condolences to Delbert, Evelyn and other family members. Iona was such a wonderful neighbor to our family and good friend of my mother. They visited often, many times while Iona was tending to the huge garden behind her house and behind our back yard. Don Schmidt, Walla Walla

“ Will be keeping all of you in my thoughts and prayers. Iona was a very special lady, who always wanted to be the hostess around the dinner table, There were many times when she made me laugh, I truly enjoyed helping Iona in her daily needs. She will always have a special place in my heart. Mary McCann

I keep on remembering all the times that Iona would walk by the table and grab food off of other peoples plates when she really liked certain foods like fried chicken or corn on the cob. it really made her happy to be at the table and watch everyone. She also really loved desserts.
