“ I was shocked to learn Jim had passed away more than a month ago. He was great to work with at the aluminum plant. He was amazing for a big man. Had a wonderful fishing and camping trip with him where on his first cast he was sucessful in stapling his cap to his head with a lure. After a trip into town to the emergency room we did get in some nice fishing.

“ *I knew Jim for several years, through working with him at Labor and Industries. Jim had a quick wit and would always have a smile on his face. He was an avid fisherman, and provided me with several batches of his smoked fish - which were excellent.*

I will miss Jim and the laughs we had together. I pray that God takes his soul into his care and he has eternal rest...
