“ *I'm so sad for James, Anita and their families. Absolutely devastating. Grateful that he and my mother had many years to jam together, but absolutely destroyed that they will no longer be able to play with each other. Many blessing you all of you, may God walk you all through these extremely challenging times. - Lukas Kulhanek*

“ *I'm so very sorry for the loss of Jimmy. We were friends in high school and dated a few times. I remember all of our times together with fond memories. God Bless and Rest in Peace Jim!*
