“ As father of my children and a big part of my first half of life, Jim will be sorely missed. I'm so glad we got to tell him how much he meant to us and we loved him. He got to kiss his granddaughter goodbye too. I'm happy Brooke has her dad with her and we have two very special guardian angels among us.
Love and miss you with all our hearts

“ It is so hard to believe that he is gone. He was my little brother, fun and funny, charming, and a friend to all. There was very little chance to say goodbye and I will miss him forever.

Love you, Jim!

“ I will never forget you , Jim. When the news reached my ears that your soul had traveled away from our world.....all I could think was that we would never hear that word utter from your lips again in that quick and absolute style which became a signature of you. "Sure"! is what you would always say whenever someone would ask a question or shared a remark your way.I hear it in my head as I write this letter. Going to miss that because we fondly think of you . Jerry and I always enjoyed your company at my brother Mark's home. We shared many a meal and barbecues there. Music was always playing and conversations were plentiful. I will always treasure knowing you .You were in our hearts then and forever you will stay. This place is less without you my friend. Travel to your loved ones and help those of us that are left behind. May you now feel the Peace that we all long for. Sending you our love until we meet again.
