“ Jane and I were hockey buddies! She and Fred shared cheers and jeers watching the boys play. She always asked about family and the kids friends and would always laugh with Trish about how fast they grow up. A Lady through and through.

“ Jane was my supervisor at the Wenatchee Public Library in the early 90's . Her leadership will always bring me joy and gratitude that I had such a fun and inspiring boss . She gave me the opportunity to take on responsibility and to be some a strong member of the staff she led . She was compassionate to the needs of workers and gave each of us a sense of relevance and importance . Her decisions were made with the staff and the public as her priority and with good humor towards all . I remember family stories being shared as we sorted books in the early morning of a work day . Coming to work with Jane felt like home.
