“ John,  
We just got word of Joan's passing and I reach out to you and your family at this time. I remember how Joan was always so cheerful and friendly to Gloria and me. She was a great supporter of yours and I am sure her passing is super hard for you.  
Know that you are loved and respected by those who know you. Your contributions to our science and the fruit industry have pushed the pear industry to new heights. Thank you for all you and Joan have done to make our community a better place.  
God bless.
