JO

“ I'm so very sad to have just learned about Joel's death today. He was like a brother to me back in the day. He lived and was very loved by my family. We are all in total disbelief. I can still hear that laugh, see the smile on his face and feel the love in his heart. He was an amazing person who was loved by many and will never be forgotten! Wish I was able to say a final goodbye. May you be at peace and know that you were never forgotten xo 💕👼💕
