“ Sorry to her of your mothers passing. Fond memories of your family when you lived in the neighbor hood. Remember our moms and Wilma Bowers as neighborhood friends and of course that meant us kids were part of that as well. No ones yard was as maintained as your folks places here in town. Seeing the pearls on your moms photo is what I remember how well dress she was and how she kept you girls as well. Especially on Sundays. My sister Nancy and brother Ed send their condolences as well. Planning on attending the funeral.
