“ Kim was a sweet and kind friend, we went to middle and High School together. I tried to contact her a few times over the years but was never able to. I would have loved to see her again. Rest in peace my friend.

“ Kim was an individual who I could always count on to get the job done. If she didn't want to do something, she didn't hesitate to tell you so. She was extremely self sufficient and was an integral part of the team and truly cared about getting the job done correctly and would often help others to assure the process was being adhered to. She will be missed
