“ *Marguerite was my great aunt. She was always very nice to me when I was a small child. She would have me stay with her and take me shopping and spoil me by making whatever I wanted to eat. She had her eccentricities, but she was always up on the news, even in her 90s, and interested in what was going on in the world.*

“ *It would be civil and respectful to Marguerite's memory if Newton Parks would contact her family to let them know about Marguerite's death and the date of the memorial service. Marguerite cherished her entire family, including extended relatives.*
