“ *My Mom lived a long life! My most vivid memory is when she rode the train out to see us in Goshen, Indiana (IN not ID Idaho) in 2011, and we took her around to see the Amish communities and up to Lake Michigan. We enjoyed frequent phone calls up to just before she passed away. I will miss hearing her voice and sending her Hummingbird pictures ~ something we both shared a love for, and I'll always be thankful we made the trip out to see her last fall! Love you, Mom ❤️*
