“ *Marquita was an insurance client of mine for about 15 yrs. We hit it off. What a hoot!*

*She trusted the good Lord for everything and was always talking about her kids and grandkids some of whom she raised. She gave everything she had to that one endeavor.*

*May the family take comfort in the knowledge that she was heaven bound as she knew and relied on her Savior, Jesus. She has joined what the Bible says is the "great cloud of witnesses" who are watching and rooting us on from heaven. Knowing Marquita she is yelling even louder, "you go girl!" Eric Kossian*
