“ I always enjoyed stopping by your house with Peggy. I loved hearing all your stories, I learned something new every single time. You reminded me so much of my grandpa , he was a great story teller too. You should look him and my Dad up. You guys will be telling stories for years !! I'm sure you know a lot of the same people. You will surely be missed by your family and friends, including me. I know you and Greg have plenty of fish stories to catch up on. We will all miss you , save room for us up there. It won't be anytime soon, but leave the light on !!! Love, Kim
