“ *Dearest Billie, You were always such a good Mom to all of us in the P
DHS class of 1960. You had so many things to teach us and much
of that stays with us today. It was so good to see you @ our 50th
reunion, chat and remember. All was good. You can rest now
knowing that your job here on earth is done. You did well and we
will always love you for all that you gave. God Bless*

“ Aunt Billie,

You were a real inspiration to us. You always had a smile, always had the door open and always ready to talk and listen and just have fun. We will miss the letters, you wrote wonderful letters. There was hardly a week that went by that we didn't receive a letter from you, they kept us in touch with family and we really appreciated them. No matter how busy your life was, you always found time for family. You could always sympathize with our troubles, and always put a smile back on our faces. We love you, Billie. We'll see you again one day!

“ *My Dearest Billie,*

Our friendship on this earth was short but so very meaningful. God sent you to me and i to you. I thank God for our time together. The few visits we had were so very special. I enjoyed talking to you and finding out you knew most of my family way back before i even knew them; that made me even closer to you because family means a lot to me and i miss the ones who are gone. We didn't talk about the bad things in our lives. We just enjoyed each other and we laughed and that was good for us.

When we were together for Thanksgiving, I called you my grandma and you looked pleased and I was pleased because I needed a grandma at that time.

God wanted me to be there on that day you decided to stop your medicine. I sat with you and held your hand to comfort you, I knew how tired you were. We talked about heaven and God, how good it is to be with God in heaven. I asked you if you had Jesus in your heart, you said you did. So I said good-bye to you thinking everything was going to be good. I asked my friends to go see you on Wed. Dec. 22, because i couldn't. I thought they would pray with you and comfort you. I didn't know that on that day you would be led to our Lord and Savior, Praise God.

We got to visit on Monday after Christmas and it was a wonderful visit. You were at peace and you said God must have a plan for you. We laughed and tried to imagine what the plan was. It was time for me to go, so we hugged and you kissed me. I held you tight and asked God to bless you, not knowing that was our last time together on this earth.

I'm glad you are Home now, with God and the loved ones you missed. I'm so glad I got to tell you what I did, through God. I have a good story to tell about my friend, and I am proud to tell anybody who wants to hear it. I pray they will be touched like you touched me with God and your kindness.

I love you Billie, till we meet again my lovely friend. We'll all be together praising the Father forever.

“ *I met Billie through her husband LaVern Hills at The Cashmere sawmill. They seemed like a very loving couple and always happy. Vern was a big help to me when I worked with him and learned more from him than anybody else. My wife and I always enjoyed talking with Billie after Vern died and we saddened that we didn't see recently. They both were very proud of their Children.
