“ I am so sorry. . .Millie was my great aunt and best friend. I've kept writing all these years even after I moved to OK however, she stopped writing, I knew family member in hospital but didn't hear anything from her after that. . . You have my heartfelt love. God's Blessings to all of you. She was a fine woman and loving soul. If you tried to call, I didn't pick up because no name at top. Please call back. I know the first 3# are for WA State now.
