“ Hi Sue

Sorry about your mom. we will miss her coming in and playing cards with us. I will always remember the look she gave me when I took her money. I would then look at her and say don't you give me that look and then she would smile at me. I will miss that. Today would be the day she would come in and I always loved the way she would make link wait for her.never in a hurry lol. She made sure they came in and got her didn't want to quit to early. I will think of her often just wanted to let you know we will miss her.
