“ Rebecca was a shining light in this world and she will be missed, but her light will continue to shine because she made such an impact in our community with her LOVE for others. I worked with Rebecca for many years and enjoyed her cleaver wit and cool head, I will miss my friend, may the lord keep you Rebecca, and shine your light.

“ When I started working at Wenatchee Medical Center inpatient infusion, Rebecca was one of the first nurses I met, she had mixed chemo prior to pharmacy coming and starting a mixing center. We always had a lot in common and spoke often about raising boys, mixing chemo, and migraines. I loved this woman she was amazing to me, she was such an amazing nurse. I am heartbroken of her passing. She will be missed. Her bright light. Rest in heaven sweet Rebecca, there was a special place there waiting for you !!

“ I'm so sad to hear of her passing. A great co-worker and such an attentive nurse when I was a patient. My heart goes out to the family.

“ Rebecca was my coworker but she became so much more than that to me, she was my friend. I loved her. I admired her. I was blessed to have her in my life and to know her and to work with her. Watching her take care of her patients with so much expertise and genuine love and compassion was so inspiring. She was a beautiful person inside and out. She was fiercely loyal and she loved deeply. She was selfless and gave all of herself to others. She was a little person but she was ‘oh so big’ with her bright and bubbly personality. I will love her and miss her all of my remaining days. I know she is in the arms of Jesus now and she is smiling and she is happy. It’s just so hard for the ones left behind. My heart goes out to Joe, who loved her more than words can express, for the hole she left in his life and in his heart. I pray he finds comfort and strength in his faith and the cherished memories he has of their life together. To her sons, I am so very so for your loss. It’s so hard to lose your momma. She loved you all with her whole heart.

“ I worked with Rebecca at the Urgent Care in Wenatchee where she was employed as a nurse. She was the epitome of nursing and the person every patient wished they had when the chips were down. She was bright talented caring and skilled. I extend my condolences to the family and particularly her children. Hers was a life well lived. Dr. J Cunningham

*We are sending our heartfelt condolences to dear Rebecca's family. We were both blessed to have been patients of Rebecca's. She was a light for us in a particularly hard time and we were always feeling better after having seen her. A wonderful and caring soul, so full of love, understanding and humor. God Bless her and her family.
