“ *This is my beautiful grandma that I miss and love so much. There is a big whole without her. She's a very loving and caring person. She's always wanted the best for her family and friends. I have so many wonderful memories with her. She was very outgoing and full of life. I always remember her doing what she said she would. She'd never ignore a phone call and would always run to the door if someone showed up. A very busy woman but would make time for everyone. I miss her going to Saturday night dinners with her group of friends and having wine night on Wednesdays. I loved her laugh. If I could make her laugh I'd feel so wonderful. I love how my dad (her son, Don) could do that very well. She loved animals and plants. She's one of the smartest and most kind hearted person I have ever met. I miss her so much. She was such a clean person who smelled wonderful. I loved her hair. She always would get it fixed up very nicely. I hope to still make her happy and hopefully make her proud. I love you Grandma!*

“ *I remember your mom well, Don, and I am sorry for your loss. Although my last contact with you and your mom was many years ago, I still think of you and your mom.*

“ *The world lost a wonderful lady. She raised 2 sons and also held a full time job. She excelled in every challenge of life. She also raised the most beautiful house and garden plants I have ever seen. Rhoda will be missed by her family and many friends our heart goes out to all of you in your grief.
