“ I will miss you Uncle Wayne, but I will always cherish the fond memories of my summers in selah, riding babe through the cherrie orchards, helping Wayne hay, and most of all wading in the irrigation canals on those hot summer days. Malcolm's happiest memories were in cashmere, when he would climb up in the nectarine tree and eat those Delicious nectarines, and then complain of such a stomache ache! You were my mom's little brother, and she loved you dearly, and so did we. Joyce & Malcolm Nelson

“ As a young teenager in Cashmere (early 80's) Wayne hired me to pick cherries and to thin pears. Wayne was very good to me and I truly looked forward to going to work each morning in his orchards.

Thank you Wayne for being so kind to this Cashmere kid and showing me the finer points to orchard work. With your support I enlisted in the United States Air Force directly out of high school. From time to time I would cross paths when you were home on leave from the military. We would exchange handshakes and warm greetings.

Years later as I became a Chelan County Deputy we would cross paths again in and around the courthouse campus. Wayne, your warm smile and glow about you always made me happy.

God Bless you Wayne you will be truly missed.

“ My mother and Wayne worked together for many years. I am sure they are both up there discussing some of those events that happened back in those days. She always had nothing but praise for him. Wayne was also my first employer back when I was a young boy. I helped plant fruit trees on his property one summer many years ago, and over the years as I drive up the highway towards Cashmere I occasionally glance across to the hillside orchard where I remember those warm days planting those trees. I will always remember him as a kind and fair man who had great faith!
