“ To the family, I am sorry that I will not be able to make it this Friday but wanted to let all of you know that she was an amazing individual with a heart of gold that would do anything for anyone at the beck of call. She was one tough cookie that went through hell with the battle even with a smile on her face. She will always be remembered..

“ Candy and family, I am so sorry that you have lost a great sister, friend and confidant. Sherry was such a kind, giving person. I remember all the fun times we had at Bunco. Sherry always had kind words for all. She was truly a kind friend. I will always have an empty place in my heart where she was. If I can do anything to help, please let me know.
