“ *Mrs. Dukes was my playground teacher 40 years ago, and I have always adored her!!! Sometimes I would just stand by her side at recess and talk; instead of playing. And I know she adored me as well... Even as a adult. For when she would see me she would grab my face and hug me!!! Thanx Mrs. Dukes for being a great friend!!!*

“ *What can I say about Stella. She was a wonderful, kind sweet person who never judged anyone. I loved listening to her stories on how she met John her loving husband and all of the things that she did in life. I will cherish the memories that we had.*

My condolences go out to the family. May God Bless you all. God always takes the best and she was one of them.
