JP

Thom was my buddy. He always made me laugh, sharing stories of his big hunts and showing me the creations he made. He truly was a gifted spirit and always stood by his friends. He loved his wife Peggy and she was his candle, always showing him the light and the way. I will truly miss seeing him at the store, we could visit away an hour so easy. RIP dear veteran, thank you for your service and your friendship. You will be missed.
