“ I knew I was gonna like Will Wanner from the start (if he'd let me!). Walking in to a fitness show at a local high school auditorium I spot Vera up ahead with an attractive couple I imagined must be her parents visiting Jupiter for Thanksgiving [2004]. Unseen, swooping in from behind, I wrap my arms around Mom and Vera in my not so shy sort of way, a high energy combination nice to meet you and hello all at once. Quickly "reading the room" I realize, uh-oh, there's trouble brewing to my left. Listen man, can't you see, I'm here for the fun? Doing my best Eddie Haskell impersonation I think I probably apologized and introduced myself to her Dad with a whole bunch of 'sirs' mixed in for insurance. Will's humorless expression left no doubt that this beautiful woman who had been under my arm only a few seconds before was his wife and that I had crossed the line! It wasn't too long before he sort of forgave me and was telling me all about the weather and his car! Over the years we had lots of laughs about that beginning. Ps Thanks for the much needed rain at 5AM this morning, Will. I know it was you!
